2016-2020

Feather River College Strategic Plan

Strategic Plan

President's Message

This strategic plan was developed as the overarching plan for the growth and sustainability of Feather River College over the next 4 years from 2016-2020. This plan is different in that it incorporates input from existing committees, accreditation planning, other college goals, and the program review process. The purpose of this Strategic Plan is to provide the basis for all college planning – both in terms of yearly goals and long term goals for the betterment and growth of Feather River College. This is not a standalone plan; it is a dynamic document that will change with new information and provide the basis for long term stability and to ensure alignment with ACCJC accreditation standards. The Strategic Plan provides the measurable outcomes in support of the FRC Mission. The Educational Plan, Strategic Technology Plan, Facilities Master Plan and others exist to support the overall Strategic Plan.

Major objectives:

- FRC will continue to offer quality educational programs for students in support of the FRC Mission.
- FRC will maintain 100% apportionment level funding from earned FTES.
- FRC will improve in the California Community College Student Success Scorecard measurable outcomes.
- Student Services will meet or exceed requirements for the Student Support Services Programs, Basic Skills Initiative, and Student Equity Plan.
- FRC will continue to sponsor and support, in keeping with its Mission, liberal arts and sciences. (Including general education and transfer), vocational education and developmental education
- Enrollment in general education will continue to increase, because of increased number of fulltime students.
- FRC will continue to offer intercollegiate sports. A majority of students participating in intercollegiate sports will take college-level transferable classes.
- There will be an ongoing demand for distance education, noncredit courses, Incarcerated Students Program, and other instructional service agreements.
- FRC will offer one bachelor's degree in Equine and Ranch Management.

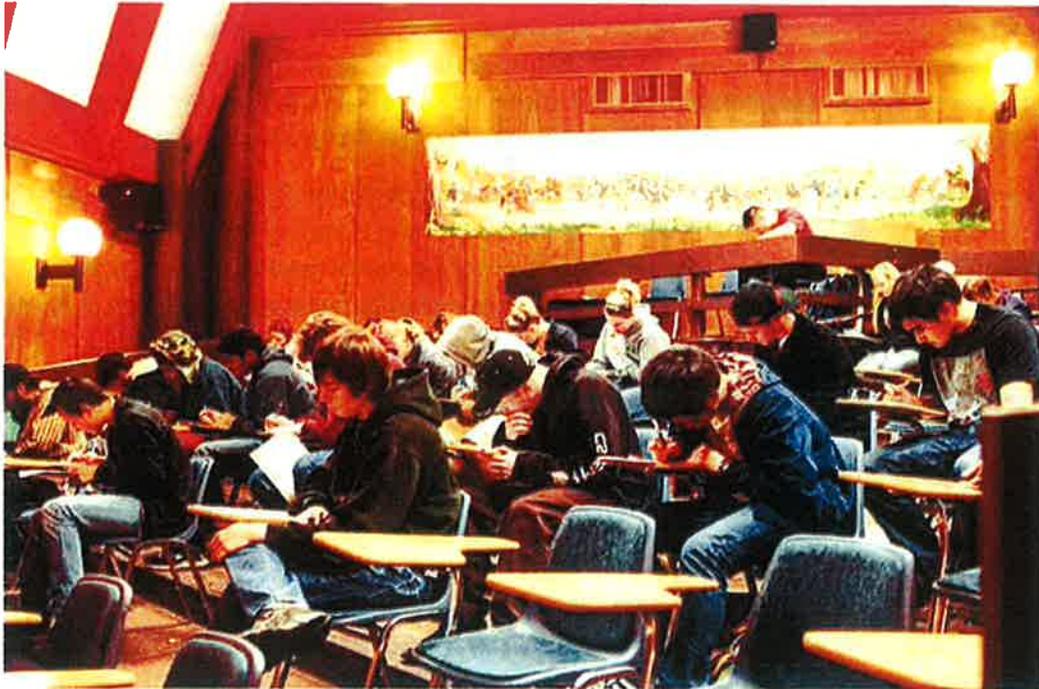

Structure and Philosophy of the Plan

Feather River College has many levels to its institutional planning. Annual program reviews (APRs) are submitted by each program and department to provide yearly planning goals, SLO integration, and budget development in support of program goals. Comprehensive Program Reviews (CPRs) occur every four years and is designed to provide a more in-depth analysis of data and SLO achievement information. In addition, an action plan was included with the recent ACCJC institutional self-evaluation that provided a planning agenda for recommendations from the site visit and noted self-improvement list of objectives. Finally, existing committees have been charged with developing yearly goals in support of the objectives from the Strategic Plan.

The overall goals for the Feather River College 2015-2019 Strategic Plan are organized under the four ACCJC accreditation standards and provide a foundation for integrated planning.

Feather River College uses its mission and other philosophical statements as the overarching goals for the district. Strategic Direction I assures that the college will work to improve Institutional effectiveness through the execution of the mission, effective communication, quality assurance, and measuring Institutional effectiveness. Strategic Direction II ensures high-quality educational programs and student support services for all students. Standard III provides for the analysis and planning of resources that support the FRC mission, including personnel, facilities, technology and providing fiscal support while maintaining fiscal stability. Strategic Direction IV defines and measures the roles of decision-making processes and ensures that the college has a sufficient structure to support the mission.

FRC allocates resources to programs to effectively support the student learning identified in the mission while maintaining fiscal stability. Program leaders will link program plans (comprehensive and annual program reviews) to strategic directions. One of the criteria for funding programs will be the degree to which proposed objectives further Feather River College's mission and strategic directions. Committees, programs, and employees of the district (through their regular duties) will work toward the execution of the mission.

Increased forecasted revenues:

1. Based upon the prior fiscal year 2017-2018 actual revenues, the final budget was increased by Property Taxes and State Apportionment funding. Overall State Revenue projections increased by \$12,383 which represented offsetting increases to State Apportionment and decrease to Prop 30 Education Protection Account. The revenue increased projections in turn decreased the need for committed Beginning Fund Balance.

Re: Budget Strategy and APR Funding Recommendations for 2018-19

The purpose of this memo is to update the Budget Committee on APR funding recommendations from the Strategic Planning Committee, and to present the items that are considered for inclusion into the 2018-19 budget development process.

The Strategic Planning Committee spent the last several months ranking and discussing all APR budget requests, with a final prioritization using the predetermined factors in the CAM analysis. Included in the final recommendation are alternate sources of funding for those items which are pertinent to the Instructional Equipment/Library Materials Block Grant and SSSP or Equity Program funding.

Several large unknown variables will influence the final budget, including the yet-to-be-released new funding formula. As such, the prioritization includes two priority levels. Even if funding is extremely tight when the final budget is released, it is my goal to honor the APR process and fund some items through this process.

The Strategic Planning Committee will look at input into this year's process and discuss ways the APR process can be improved. This will occur before commencing the APR process next year.

Overview of the 2018-19 Budget for the California Community Colleges Prepared by the California Community Colleges Chancellor's Office

Introduction—Both houses of the Legislature adopted the 2018 Budget Act, consistent with the report of the budget conference committee, on June 14. The budget act is accompanied by various trailer bills, which generally include appropriations and other changes to statutes related to the budget bill. The houses passed the higher education trailer bill, which includes most of the changes related to the California Community Colleges, on June 18. The Governor signed the budget on June 27 in advance of the July 1 start of the fiscal year.

Overview of the State Budget— The California Constitution specifies that money may be drawn from the Treasury only through an appropriation made by law. The annual budget act is a bill that serves as the primary authority for expenditures (accounting for about two-thirds of appropriations). Other bills providing for appropriations related to the budget act are typically enacted with the budget. The annual budget revises estimates of revenues and expenditures for a three-year period—the past fiscal year (for this cycle, 2016-17), the current fiscal year (2017-18), and the budget year (2018-19). Changes in revenues in the past year and the current year are generally budgeted for one-time purposes.

The General Fund is the primary fund for support of state government. The budget estimates that the state would enter the 2018-19 fiscal year with a General Fund balance of \$8.4 billion (based on revised fiscal estimates for the current and prior years). The total resources available in 2018-19 are estimated to be \$141.8 billion (once revenues and transfers to other accounts are counted). Total expenditures in 2018-19 are estimated to be \$138.6 billion. The remaining funds—\$15.9 billion—are held in various reserves (with full funding of the Budget Stabilization Account created by Proposition 2).

The Constitution and related statutes (Proposition 98) specify a minimum guarantee of appropriations to school districts, community college districts, and some other state agencies. The Proposition 98 minimum guarantee is estimated to be \$78.4 billion in 2018-19, up from a revised 2017-18 guarantee of \$75.6 billion. Of the 2018-19 amount, \$54.9 billion is from the General Fund (counted in the expenditure totals above) and \$23.5 billion is from local property taxes.

Overview of the California Community Colleges Budget—The Board of Governors approved the 2018-19 California Community Colleges Budget and Legislative Request at the September 2017 meeting. The request was designed to align the system's advocacy with the *Vision for Success*. The 2018-19 budget includes an additional \$606 million ongoing and \$358 million one-time in local assistance for the California Community Colleges (compared to existing program levels). Notably, the budget includes funds and trailer bill legislation related to two proposals discussed at recent board meetings: (1) the Student Centered Funding Formula and (2) the online community college. Further, the budget includes \$2 million for additional capacity at the Chancellor's Office. The Chancellor's Office will continue to advocate for the request through the end of the legislative cycle.

Attachment 1 compares the actions taken on legislation included with the 2018-19 budget to the request. Attachment 2 includes the full list of local assistance adjustments related for community colleges. The table organizes ongoing and one-time costs based on the nature of the expenditures. (In some cases, this method of counting adjustments differs from how the Department of Finance and the Legislative Analyst's Office "score" appropriations for budgeting purposes.) Attachment 3 details the items included in the higher education trailer bill.

Student Centered Funding Formula—The budget agreement would begin a transition to a new formula that calculates apportionments generally using three calculations: (1) a base allocation, which largely reflects current factors (primarily credit full-time equivalent students, or FTES); (2) a supplemental allocation, which will allocate funds based on the numbers of students who received a College Promise Grant, students who received a Pell grant, and AB 540 students; and (3) a student success allocation, which will allocate funds for outcomes related to completion of ADTs, completion of associate degrees and baccalaureate degrees, completion of credit certificates, completion of transfer-level mathematics and English within first academic year of enrollment, transfer to four-year universities, completion of nine or more career-technical education (CTE) units, and attainment of regional living wage—with “premiums” for outcomes of College Promise Grant recipients and Pell Grant recipients. Under this new model, noncredit FTES (and some other FTES) would be funded at current rates.

The statute provides a three-year transition, such that funds would be allocated generally based on a 70-20-10 split across the three allocations in 2018-19, a 65-20-15 split in 2019-20, and a 60-20-20 split in 2020-21. Further, in 2018-19, 2019-20, and 2020-21, a district would receive the greater of the formula total or the amount the district received in 2017-18, adjusted by the changes in the cost-of-living. In all years, the formula includes a “stability” provision that delays any decreases in revenues by one year.

The legislation also adopts related changes to improvement alignment between districts’ educational and budgetary planning. It requires districts to adopt, by January 1, 2019, goals that are aligned with the *Vision for Success*. It then requires alignment of districts’ comprehensive plans with those goals and alignment of their annual budgets with the comprehensive plans. Finally, it authorizes the chancellor (with approval by the Board of Governors), to direct districts to use funds (no greater than 1 percent of the apportionment) for technical assistance or professional development.

California Online Community College—With regard to the online community college, the budget appropriates \$100 million one-time and \$20 million ongoing and enacts related trailer bill to establish the college, with efforts targeted to adult students who may face barriers to access because of family, work, and other obligations.

Notably, the budget agreement maintains the online college under the authority of the Board of Governors of the California Community Colleges. It further creates a process for collective bargaining, with the Board of Governors designating an existing community college district to establish a collective bargaining agreement for the college’s represented employees; links the amounts of any fees to the amounts specified in existing statutes; specifies expectations around program quality and accreditation; and enacts provisions concerning pathways to programs at the existing colleges.

Memorandum

May 10, 2018

Fiscal Services Memo 18-04

TO: Chief Business Officers

FROM: Wrenna Finche, Director of Fiscal Standards and Accountability
College Finance and Facilities Planning Division

SUBJECT: Fiscal Year 2018-19 Annual Appropriations (Gann) Limit

Pursuant to Article XIII-B of the State Constitution and Government Code (GC) § 7900 et seq., community college districts are required to compute an annual appropriations limit, commonly referred to as the Gann Limit. The appropriations limit is adjusted annually for changes in price index, population, and other applicable factors.

Report Requirement – Gann Limit Worksheet

GC § 7908(c) requires each community college district to report annually to the Chancellor of the California Community Colleges its appropriations limit, appropriations subject to limit, the amount of state aid apportionments and subventions included within the proceeds of taxes of the district, and amounts excluded from the appropriations subject to limit. A form for computing these four items is enclosed for your convenience. This information is to be reported on the Annual Financial and Budget Report, CCFS-311 Gann Appropriations Limit form.

Price Factor

GC § 7909 requires that the Department of Finance notify the California Community Colleges Chancellor's Office by May 1 each year of the price factor to be used in establishing the appropriations limit. The price factor to be used is defined as the change in fourth quarter California per capita personal income. The price factor applicable to the 2018-19 appropriations limit is 3.67%:
<http://www.dof.ca.gov/Forecasting/Demographics/Estimates/documents/PriceandPopulation2018.pdf>

Notification if Appropriations Limit is Exceeded

GC § 7910 requires community college districts to annually secure the approval of their local governing boards of the proposed appropriations limit. If a district anticipates exceeding its appropriations limit, the district can increase its appropriations limit by notifying the Department of Finance within 45 days of

local board approval. This notification allows the Department of Finance to transfer surplus state appropriations limit authority from the state to the district per GC § 7902.1(c). Please provide the Chancellor's Office a copy of any notification to the Department of Finance.

Action Requested/Date Due:

Please complete the separately attached Gann Limit Worksheet as part of the process for developing the tentative budget for 2018-19. The appropriations limit must be approved by the district's governing board in accordance with Government Code section 7910. After board approval, keep the worksheet for your files for later reference in reporting the necessary Gann Limit information on the 2017-18 CCFS-311, which is due on or before October 10, 2018.

Contact: If you have questions about this memorandum, or if the projected appropriations exceed the 2018-2019 Gann Limit, please contact Michael Yarber at (916) 327-6818 or myarber@cccco.edu.

Fiscal Services Memo 17-14
Via E-mail Only

TO: Chief Business Officers
Chief Instructional Officers

FROM: Wrenna Finche, Director
Fiscal Standards and Accountability

SUBJECT: 2018-19 Nonresident Fees need to be established by February 1, 2018

SYNOPSIS: Education Code (EC) Section 76140 requires each district governing board to establish the nonresident tuition fee not later than February 1 for the succeeding fiscal year.

Nonresident Tuition Fee. For determining your district's 2018-19 nonresident tuition fee, the 2016-17 statewide average expense of education was **\$7,404** per full time equivalent student (FTES). The projected increase in the United States Consumer Price Index (USCPI) as determined by the Department of Finance is 2.4% for the 2017-18 fiscal year and 2.2% for 2018-19, for a compound factor of 1.046 against the 2016-17 statewide average expense of education (\$7,404) yields an Average cost of **\$7,745** per FTES for the tuition year, or **\$258** per semester unit for a 30-unit semester term academic year. For districts on the quarter system, the 45-unit quarter term academic year results in **\$172** per quarter term unit.

Nonresident Tuition Fee Options. EC 76140(e) enumerates seven options for a district to choose in setting its nonresident tuition fee. These options are reflected in the enclosed worksheet as the "basis for adoption." Options 1-3 are generally well understood, but for Option 4 ("*No more than contiguous district*") and Option 5 ("*No more than district, no less than statewide cost*"), please keep in mind the following specifics:

Option 4 '*No more than contiguous district*'. A review of the legislative history when this option was adopted confirms that this amount **must be within** the:

- **Fee** (not **cost**) adopted by a contiguous district (**Maximum** amount for Option #4);

AND

- **Cost** of the lesser of (1) your district's average **cost** **OR** (2) the statewide average **cost** (**Minimum** amount for Option #4).

Option 5 'No more than district, no less than statewide cost'. The *maximum amount* for this option is the district average cost, and the *minimum amount* for this option is the statewide average cost. **Only** an amount **between** these maximum and minimum amounts is allowed under this option.

Option 6 'Highest Years Statewide Average Tuition'. (EC 76140(e)(1)(B)). Use the greater of the succeeding year, the current year or any of the four prior year's statewide average nonresident tuition fee calculation, which is **\$258 per semester unit** or **\$172 per quarter unit** from 2016-2017.

Option 7 'No more than 12 Comparable States Average Tuition'. (EC 76140(e)(1)(E)). No greater than the 2016-17 average nonresident tuition fee of public community colleges in a minimum of 12 states comparable to California in cost of living. This average is calculated to be **\$424 per semester unit** or **\$283 per quarter unit**.

Nonresident Capital Outlay Fee. Pursuant to EC Section 76141 a district **may** also charge to any nonresident student (**except nonresident students having AB 540 status**) a capital outlay fee. The amount of the nonresident capital outlay fee has to be the lesser of:

- the amount that was expended by the district for capital outlay in the preceding fiscal year divided by the total full-time equivalent student (FTES) of the district in the preceding fiscal year; OR
- 50% of the 2016-17 nonresident tuition fee adopted pursuant to EC 76140.

Processing Fee for Students from Foreign Countries. Pursuant to EC 76142 a district **may** charge nonresident applicants who are both citizens and residents of a foreign country a processing fee not to exceed the lesser of (1) the actual cost of processing an application and other documentation required by the federal government **OR** (2) \$100, which may be deducted from the tuition fee at the time of enrollment.

Exemptions to these fees. Various exemptions to these fees are provided in the law. Please click on the following web links to EC Sections 76140-76143 and a related legal opinion to learn more about these exemptions:

<http://Ed Code Non-Res>

<http://AB540 and Non-Res Capital Outlay Fee>

Tuition Fee Worksheet. A worksheet for computing the nonresident tuition and capital outlay fees is enclosed. The comparable information for all districts used to derive the statewide average expense of education per FTES for 2016-17 is also enclosed for your reference.

ACTION/DATE REQUESTED: Please complete and return by **February 15, 2018** a copy of the enclosed worksheet and provide information on the 2018-19 nonresident tuition and capital outlay fees adopted by your district governing board by February 1, 2018.

CONTACT: If you have any questions or comments regarding this memorandum, please contact Michael Yarber at (916) 327-6818 or **myarber@cccco.edu**.

REVENUE DEFINITIONS

GENERAL REVENUES: A combination of State apportionment, property tax revenues and student enrollment fees. General revenue is calculated by formula contained in State Law. Prior year general revenues may be increased by State cost of living adjustments, FTES (full time equivalent students) growth, and program improvement funds and decreased by FTES decline. Property tax revenues and student enrollment fees are deducted from the "total computational revenue" calculations in determining State apportionments.

FOREST REVENUES: The proceeds from logging and grazing activities on Federal forest land which are apportioned to schools through the County Superintendent of Education and "Secure Rural Schools and Community Self-Determination Act of 2000" funds.

LOTTERY: Community college share of State lottery revenues.

INTEREST: Interest paid on District funds in Plumas County Treasury.

HEALTH FEES: Student fees charged to offset a portion of the cost of student accident insurance and college nurse services.

OUT-OF-STATE TUITION: Enrollment fees charged to students from other states, except for "Good-Neighbor" Students from Nevada.

OTHER STATE REVENUES:

Part-time Faculty Compensation: Funds provided by the State of California to allow districts to make progress towards comparable pay for part-time faculty.

Mandated Costs: Reimbursements received from the State for a portion of the costs of mandated activities (Example: collective bargaining costs).

LOCAL REVENUES: Revenues received from local sources such as from rental of facilities, admission to drama productions and summer sport camp fees.

INTRA-FUND INCOMING TRANSFER/TRIO: Transfer within General Fund from the Restricted Fund's Trio Grant to the Unrestricted Fund for reimbursement of salary and fringe expenses.

BEGINNING FUND BALANCE: Net projected balance of prior year's revenues in excess of expenditures. Also referred to as contingency and reserves.
