

Disabled Student Parking: Designated parking spaces are reserved for temporarily and permanently disabled individuals with clearly displayed Disabled Parking Permits (FRC temporary permits and Department of Motor Vehicle issued permits). Individuals needing a permit for a period in excess of three weeks must apply for a State of California permit issued by the Department of Motor Vehicles. Any student who is temporarily disabled and unable to walk from the lower parking lots to the upper campus will be considered for a temporary three-week Disabled Parking Permit. Verification from the student's healthcare professional stating the need for the disabled permit and length of disability can be submitted to the Maintenance Office to obtain a temporary permit. Students may also contact the DSP&S office for a Temporary Permit Verification form that is to be completed and signed by the disabled person's healthcare provider. The DSP&S office will coordinate services to obtain a permit, if appropriate.

The Disabled Parking Permit:

- ◆ Does NOT guarantee or reserve a disabled parking space; spaces are available on a first come, first serve basis. Although FRC meets State of California requirements for the number of disabled parking spaces, the availability of these spaces may be insufficient at certain times of the day. Therefore, students who can arrange to be dropped off at the upper campus are encouraged to do so. DSPS also provides rides to the upper campus for disabled student. Contact that office to make transportation arrangements, if necessary.
- ◆ Does NOT entitle you to park in the spaces reserved for wheelchair-only parking, unless your permit specifically designates this type of parking. ANY vehicle in a wheelchair-only parking space will be ticketed unless that vehicle is authorized to park in the space.
- ◆ Must be used only with the vehicle to which it was registered and is not to be used by anyone other than the individual it was issued to.
- ◆ Must be clearly displayed in the vehicle while the vehicle is parked in disabled parking spaces. If the permit is not displayed the student will be held responsible for any parking ticket received.

Parking citations will be issued for violation of this policy. The CHP can require proof of disability, so carry a copy in your vehicle at all times.

Please consult the Feather River College Catalog for the full policy on Disabled Student Parking.
