"Mister" is a beautiful three-year old sorrel gelding with a flaxen mane. With a great shoulder, a nice round hip, and a low neck, this horse is built to compete. He stands at 14.2, but he still has some growing to do. Mister is a great performer and can do it all. He loves to turn, has a flashy stop and moves like a pro. This horse is bred for success. He is a grandson of Grey's Starlight and double bred Doc Bar and Peppy San; nothing less than impressive. Not only is he bred like a champion, he thinks like one as well. He takes everything in stride and is a great learner. Mister is stellar on cows and never questions his job. He is a champion and he could do anything from reining and cow work to working hard on a ranch. Mister never gives you less than 110%, so don't miss this opportunity to add this gem to your stables.

About the Rider: Carolyn Carter

Carolyn will be graduating at the end of this semester at FRC. After graduating she plans to go to Fresno State and pursue her degree in Equine Science. Her ultimate goal is to start her own performance horse barn. She started Mister as a two year old and has always been very impressed with his outstanding potential and athletic ability.
