Dozer is a three-year old bay gelding who was born, raised, and trained at Feather River College. He has a great mind and is a fast learner. Dozer is good to rope off; he has been started heading and heeling; he tracks well and has no problem getting all wrapped up in the ropes. He has a great stop, moves off of your legs and is learning to neck rein. Dozer is great on the trail and crossing water. Despite his stamina and athletic ability, he is very content to travel on a loose rein and stop when asked. Dozer has a lot of power and heart.

About the Rider: Stephen Olson

Stephen is in his third and final semester at Feather River College. He has ridden horses since he was a child on a ranch. Stephen plans to go to the University of Nevada, Reno in the fall semester and continuing his education in ranch and range management. *"The majority of my horse training knowledge and theories have come from this school and can be seen in my sale horse this year, Dozer."*
