Community Education Class Fall 2017

Revitalizing Quincy's First School Site

—*Kevin Danaher*

This course will focus on developing a detailed plan for restoring and reinventing one of California's oldest school buildings; Quincy's First School at 50 Church Street built in 1905. The building and grounds have huge potential as a community learning center, teaching youth of all ages home-steading skills, resilience, green technology, and community-based enterprise. The plan will be submitted to the Plumas Unified School District.

The Course Fee is to be paid at the time of registration.

The Supply Fee will be collected by the instructor at the first class meeting.

Date: September 12 — November 14, 2017

Course Fee: \$50.00
