

## The Perch Plan

College students have so many things to worry about during the academic year —

How they are getting their next meal should not be one of them.

The Eagle's Perch provides affordable, delicious, convenient, and nutritious food just steps away from their classes.

Grumbling stomachs are an easy fix between classes, just run into The Eagle's Perch, and grab a sandwich or cup of soup to go, and problem solved.

Students can make this even easier by purchasing meal plan cards in advance.

The cards work the same as cash in The Eagle's Perch, and students don't need to worry about having enough cash leftover for food after paying for all the other expenses of college and living on their own.

**Instant Peace of Mind.**

## Why Get the Perch Plan?

- Great food at great prices
- Convenience
- Once the plan is purchased it can only be used for food
- The Perch Plan students always have a backup plan for food
- Fast and close to classes

## How to Get the Perch Plan?
