Feather River College Strategic Plan

Strategic Plan

President's Message

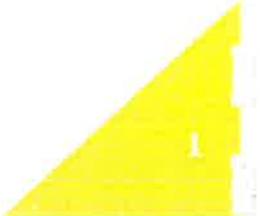

This strategic plan was developed as the overarching plan for the growth and sustainability of Feather River College over the next 4 years from 2016-2020. This plan is different in that it incorporates input from existing committees, accreditation planning, other college goals, and the program review process. The purpose of this Strategic Plan is to provide the basis for all college planning – both in terms of yearly goals and long term goals for the betterment and growth of Feather River College. This is not a standalone plan; it is a dynamic document that will change with new information and provide the basis for long term stability and to ensure alignment with ACCJC accreditation standards. The Strategic Plan provides the measurable outcomes in support of the FRC Mission. The Educational Plan, Strategic Technology Plan, Facilities Master Plan and others exist to support the overall Strategic Plan.

Major objectives:

- FRC will continue to offer quality educational programs for students in support of the FRC Mission.
- FRC will maintain 100% apportionment level funding from earned FTES.
- FRC will improve in the California Community College Student Success Scorecard measurable outcomes.
- Student Services will meet or exceed requirements for the Student Support Services Programs, Basic Skills Initiative, and Student Equity Plan.
- FRC will continue to sponsor and support, in keeping with its Mission, liberal arts and sciences. (Including general education and transfer), vocational education and developmental education
- Enrollment in general education will continue to increase, because of increased number of fulltime students.
- FRC will continue to offer intercollegiate sports. A majority of students participating in intercollegiate sports will take college-level transferable classes.
- There will be an ongoing demand for distance education, noncredit courses, Incarcerated Students Program, and other instructional service agreements.
- FRC will offer one bachelor's degree in Equine and Ranch Management.

Structure and Philosophy of the Plan

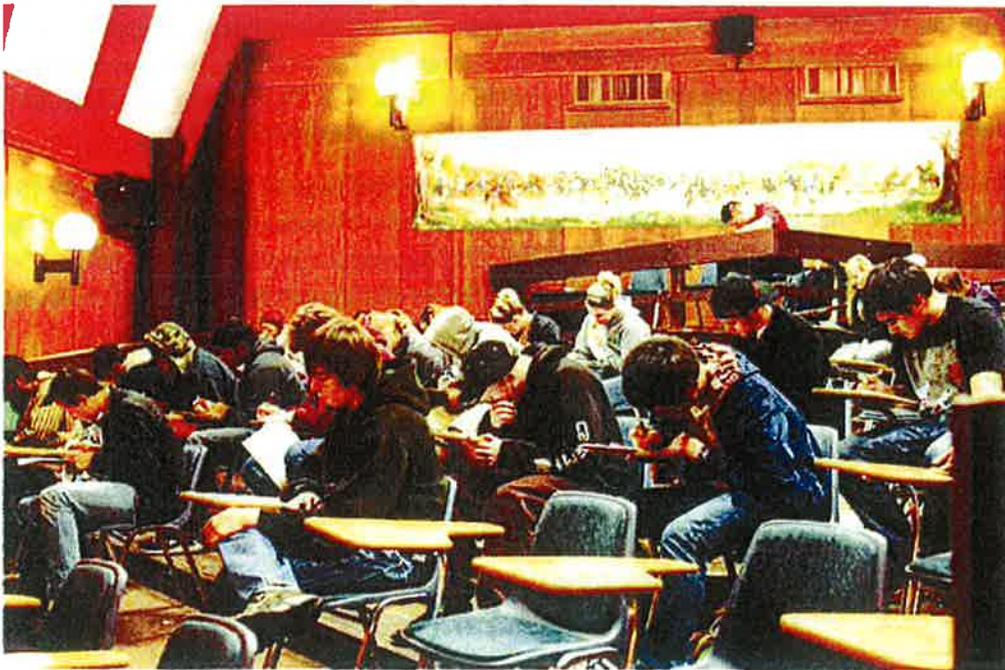

Feather River College has many levels to its institutional planning. Annual program reviews (APRs) are submitted by each program and department to provide yearly planning goals, SLO integration, and budget development in support of program goals. Comprehensive Program Reviews (CPRs) occur every four years and is designed to provide a more in-depth analysis of data and SLO achievement information. In addition, an action plan was included with the recent ACCJC institutional self-evaluation that provided a planning agenda for recommendations from the site visit and noted self-improvement list of objectives. Finally, existing committees have been charged with developing yearly goals in support of the objectives from the Strategic Plan.

The overall goals for the Feather River College 2015-2019 Strategic Plan are organized under the four ACCJC accreditation standards and provide a foundation for integrated planning.

Feather River College uses its mission and other philosophical statements as the overarching goals for the district. Strategic Direction I assures that the college will work to improve institutional effectiveness through the execution of the mission, effective communication, quality assurance, and measuring institutional effectiveness. Strategic Direction II ensures high-quality educational programs and student support services for all students. Standard III provides for the analysis and planning of resources that support the FRC mission, including personnel, facilities, technology and providing fiscal support while maintaining fiscal stability. Strategic Direction IV defines and measures the roles of decision-making processes and ensures that the college has a sufficient structure to support the mission.

FRC allocates resources to programs to effectively support the student learning identified in the mission while maintaining fiscal stability. Program leaders will link program plans (comprehensive and annual program reviews) to strategic directions. One of the criteria for funding programs will be the degree to which proposed objectives further Feather River College's mission and strategic directions. Committees, programs, and employees of the district (through their regular duties) will work toward the execution of the mission.

Mission Statement

Feather River College provides high-quality, comprehensive student education and opportunities for learning, workforce preparation, and achievement in a small college environment. Re: Budget Strategy and APR Funding Recommendations for 2017-18

The purpose of this memorandum is to forward the funding recommendations that resulted in the APR ranking and prioritization process from the Strategic Planning Committee. Included in this recommendation is the usage of alternative funding for allowable items that ranked high through the CAM analysis. This funding included Instructional Equipment/Library Materials Block Grant and also SSSP or Equity Program funding.

It is important to note that these are only recommendations based upon the best available information at this point. The Governor's May revise budget, as well as the final budget adoption, may impact these recommendations.

Recall that it is the goal of the Strategic Planning process to use the APR recommendations, and the agreed-upon CAM analysis, to develop a prioritized list of potentially funded items. The result is the attached items which are being recommended for inclusion into the 2017-18 budget. They are broken into three parts (a) recommended general funded items, (b) recommended Instructional Equipment/Library Materials items, and (c) recommended Equity/SSSP items.

Subject: 2017-18 Final Budget Act

Colleagues,

On Wednesday, June 15th, the Legislature approved a \$122.5 billion (General Fund) budget for the 2017-18 fiscal year. The Governor approved the final budget package on Tuesday, June 27th without vetoing a single appropriation.

The 2017 Budget Act continues to increase the state's Rainy Day Fund and pay down liabilities to counter the potential fiscal impact of federal policy changes, and the potential end of an economic expansion that has surpassed historical averages. The 2017-18 Budget focuses state spending on key state priorities of education, counteracting the effects of poverty, and improving transportation infrastructure.

The 2017-18 Budget includes Proposition 98 funding of \$74.5 billion for 2017-18, an increase of \$2.6 billion over the 2016 Budget Act level. When combined with revenue changes attributable to the 2015-16 and 2016-17 fiscal years, as well as other one-time savings and adjustments in those years, the 2017-18 Budget provides a \$3.3 billion increased investment in K-14 education over the three-year period.

Specific to California Community Colleges (CCCs), the 2017 Budget Act includes \$8.6 billion, an increase of \$270.2 million over the 2016 Budget Act level. When combined with adjustments to the 2015-16 and 2016-17 fiscal years, the 2017-18 Budget provides a \$587.8 million increased investment in CCCs over the three-year period.

Major components of the 2017-18 Budget include:

Apportionments

- \$183.6 million to support increased community college operating expenses in areas such as employee benefits, facilities, professional development, converting faculty from part-time to full-time, and other general expenses.
- \$97.6 million for a 1.56-percent cost-of-living adjustment.
- \$57.8 million for enrollment growth of 1-percent.
- \$31.7 million one-time to be allocated on an FTES basis to backfill for lower than estimated RDA revenue.
- \$9 million one-time to be allocated on an FTES basis due to 2015-16 Apportionment having revenue in excess of the entitlement.

Institutional Redesign

- \$150 million one-time for Guided Pathways grants to support colleges as they develop an integrated, institution-wide approach to student success based on the Guided Pathways framework.
- \$20 million one-time for Innovation Awards to provide funding for the development and implementation of innovative practices.

Technology

- \$10 million to provide system-wide access to the Online Education Initiative's learning management system.
- \$6 million one-time to facilitate the development of an integrated library system that, once operational, will allow California community college students access to a cloud-based library system.

Student Services

- \$25 million for the Community College Completion Grant to provide grants of up to \$2,000, to students who take at least 15 units per term and are on track to graduate in a timely manner.
- \$25 million to increase the Full-Time Student Success Grant to \$1,000.
- \$12 million, of which \$7 million is one-time, to develop and enhance veterans' resource centers. Of the one-time increase, \$2 million is for Norco College to expand the capacity of its student veterans' service center and establish articulation agreements, policies, and processes related to awarding course credit for prior military service.
- \$5.7 million for a 1.56-percent cost-of-living adjustment for the Apprenticeship, EOPS, DSPS, CalWORKs and the Child Care Tax Bailout programs.
- \$5 million for the Part-Time Faculty Office Hours program.
- \$2.5 million to support the development and expansion of the Umoja program.
- \$1 million to support the administration of financial aid offices.
- \$4.5 million one-time to support mental health services training and support.
- \$2.5 million one-time to support training and compliance with Title IX.
- \$2.5 million one-time for Hunger-Free Campus grants.
- \$1.7 million non-Proposition 98 to increase Cal Grant C from \$547 to \$1,094 annually.

Overall this a very good budget year for the CCCs. We will be able to provide a higher quality experience for our students through our increased per student funding rate and improved facilities. In addition, we are better able to

better support the wide-ranging needs of our diverse student population by expanding and strengthening our financial aid programs, veterans resource centers, and mental health services.

As we move towards the next budget cycle, it is important to keep in mind our system has received \$552 million in base increases over the last three years to support increased operating expenses, primarily attributable to escalating employer pension rates. While the employer pension rate increases have only totaled \$317 million between 2013-14 and 2017-18, the Legislative Analyst's Office expects this to reach \$902 million between through 2024-25. It is important for colleges to properly plan for how they will absorb the remaining rate increases between now and 2024-25, and to use wisely their share of the \$552 million in base increase to mitigate its impacts on their students and employees.

Over the next weeks and months our office will work with internal and external stakeholders to roll-out the programs and grants developed in this budget. In the meantime, please reach out to me directly if you have any questions, comments, or concerns related to the budget.

May 12, 2017

Fiscal Services Memo 17-04
Via E-mail Only

TO: Chief Business Officers

FROM: Frances Parmelee, Assistant Vice Chancellor
College Finance and Facilities Planning Division

SUBJECT: Price Change Information and Worksheet for Determination of 2017-18 Appropriation Limit per Article XIII-B, California Constitution (Gann Limit)

Synopsis: Pursuant to Article XIII-B of the State Constitution and Government Code section 7900 et seq., all community college districts are required to compute an annual appropriation limit. That appropriation limit is adjusted annually for changes in price index, population and other applicable factors.

Government Code section 7908(c) requires each community college district to report to the Chancellor of the California Community Colleges at least annually its appropriation limit, appropriations subject to limit, the amount of state aid apportionments and subventions included within the proceeds of taxes of the district, and amounts excluded from the appropriations subject to limit. A form for computing these four items is attached for your convenience. This information is to be reported on the Annual Financial and Budget Report, CCFS-311 Gann Appropriation Limit page.

Government Code section 7909 requires that the Department of Finance notify the California Community Colleges Chancellor's Office by May 1 each year of the price factor to be used in establishing the appropriation limit. The price factor to be used is defined as the change in fourth quarter California per capita personal income. The price factor to be used in setting the 2017-18 appropriation limit is 3.69%. The Department of Finance price information is available at <http://www.dof.ca.gov/Forecasting/Demographics/Estimates/documents/PricePopulation2017.pdf>

Action Requested/Date Due: Please complete the enclosed Gann Limit Worksheet as part of the process for developing the tentative budget for 2017-18. The appropriation limit must be approved by your district's governing board in accordance with Government Code section 7910. After board approval, keep the worksheet for your files for later reference in reporting the necessary Gann Limit information on the 2016-17 CCFS-311, which is due on or before October 10, 2017.

Contact: If you have questions about this memorandum, or if the projected appropriations exceed the 2017-2018 Gann Limit, please contact Michael Yarber at (916) 327-6818 or myarber@cccco.edu.

Fiscal Services Memo 16-11
Via E-mail Only

TO: Chief Business Officers
Chief Instructional Officers

FROM: Elias Regalado, Director
Fiscal Standards and Accountability

SUBJECT: 2017-18 Nonresident Fees need to be established by February 1, 2017

SYNOPSIS: Education Code (EC) Section 76140 requires each district governing board to establish the nonresident tuition fee not later than February 1 for the succeeding fiscal year.

Nonresident Tuition Fee. For determining your district's 2017-18 nonresident tuition fee, the 2015-16 statewide average expense of education was **\$6,762** per full time equivalent student (FTES). The projected increase in the United States Consumer Price Index (USCPI) as determined by the Department of Finance is 1.8% for the 2016-17 fiscal year and 2.0% for 2017-18, for a compound factor of 1.038 against the 2015-16 statewide average expense of education (\$6,762) yields an Average cost of **\$7,019** per FTES for the tuition year, or **\$234** per semester unit for a 30-unit semester term academic year. For districts on the quarter system, the 45-unit quarter term academic year results in **\$156** per quarter term unit.

Nonresident Tuition Fee Options. EC 76140(e) enumerates seven options for a district to choose in setting its nonresident tuition fee. These options are reflected in the enclosed worksheet as the "basis for adoption." Options 1-3 are generally well understood, but for Option 4 ("*No more than contiguous district*") and Option 5 ("*No more than district, no less than statewide cost*"), please keep in mind the following specifics:

Option 4 '*No more than contiguous district*'. A review of the legislative history when this option was adopted confirms that this amount **must be within** the:

- **Fee (not cost)** adopted by a contiguous district (**Maximum** amount for Option #4);

AND

- **Cost** of the lesser of (1) your district's average **cost** **OR** (2) the statewide average **cost** (**Minimum** amount for Option #4).

Option 5 'No more than district, no less than statewide cost'. The *maximum amount* for this option is the district average cost, and the *minimum amount* for this option is the statewide average cost. **Only** an amount **between** these maximum and minimum amounts is allowed under this option.

Option 6 'Highest Years Statewide Average Tuition'. (EC 76140(e)(1)(B)). Use the greater of the succeeding year, the current year or any of the four prior year's statewide average nonresident tuition fee calculation, which is **\$234 per semester unit** or **\$156 per quarter unit** from 2015-2016.

Option 7 'No more than 12 Comparable States Average Tuition'. (EC 76140(e)(1)(E)). No greater than the 2015-16 average nonresident tuition fee of public community colleges in a minimum of 12 states comparable to California in cost of living. This average is calculated to be **\$425 per semester unit** or **\$283 per quarter unit**.

Nonresident Capital Outlay Fee. Pursuant to EC Section 76141 a district **may** also charge to any nonresident student (**except nonresident students having AB 540 status**) a capital outlay fee. The amount of the nonresident capital outlay fee has to be the lesser of:

- the amount that was expended by the district for capital outlay in the preceding fiscal year divided by the total full-time equivalent student (FTES) of the district in the preceding fiscal year; OR
- 50% of the 2016-17 nonresident tuition fee adopted pursuant to EC 76140.

Processing Fee for Students from Foreign Countries. Pursuant to EC 76142 a district **may** charge nonresident applicants who are both citizens and residents of a foreign country a processing fee not to exceed the lesser of (1) the actual cost of processing an application and other documentation required by the federal government **OR** (2) \$100, which may be deducted from the tuition fee at the time of enrollment.

Exemptions to these fees. Various exemptions to these fees are provided in the law. Please click on the following web links to EC Sections 76140-76143 and a related legal opinion to learn more about these exemptions:

<http://Ed Code Non-Res>

<http://AB540 and Non-Res Capital Outlay Fee>

Tuition Fee Worksheet. A worksheet for computing the nonresident tuition and capital outlay fees is enclosed. The comparable information for all districts used to derive the statewide average expense of education per FTES for 2015-16 is also enclosed for your reference.

ACTION/DATE REQUESTED: Please complete and return by **February 15, 2017** a copy of the enclosed worksheet and provide information on the 2017-18 nonresident tuition and capital outlay fees adopted by your district governing board by February 1, 2017.

CONTACT: If you have any questions or comments regarding this memorandum, please contact Mike Yarber at (916) 327-6818; or myarber@cccco.edu. The office fax number is (916) 323-8245.

REVENUE DEFINITIONS

GENERAL REVENUES: A combination of State apportionment, property tax revenues and student enrollment fees. General revenue is calculated by formula contained in State Law. Prior year general revenues may be increased by State cost of living adjustments, FTES (full time equivalent students) growth, and program improvement funds and decreased by FTES decline. Property tax revenues and student enrollment fees are deducted from the "total computational revenue" calculations in determining State apportionments.

FOREST REVENUES: The proceeds from logging and grazing activities on Federal forest land which are apportioned to schools through the County Superintendent of Education and "Secure Rural Schools and Community Self-Determination Act of 2000" funds.

LOTTERY: Community college share of State lottery revenues.

INTEREST: Interest paid on District funds in Plumas County Treasury.

HEALTH FEES: Student fees charged to offset a portion of the cost of student accident insurance and college nurse services.

OUT-OF-STATE TUITION: Enrollment fees charged to students from other states, except for "Good-Neighbor" Students from Nevada.

OTHER STATE REVENUES:

Part-time Faculty Compensation: Funds provided by the State fo California to allow districts to make progress towards comparable pay for part-time faculty.

Mandated Costs: Reimbursements received from the State for a portion of the costs of mandated activities (Example: collective bargaining costs).

LOCAL REVENUES: Revenues received from local sources such as from rental of facilities, admission to drama productions and summer sport camp fees.

INTRA-FUND INCOMING TRANSFER/TRIO: Transfer within General Fund from the Restricted Fund's Trio Grant to the Unrestricted Fund for reimbursement of salary and fringe expenses.

BEGINNING FUND BALANCE: Net projected balance of prior year's revenues in excess of expenditures. Also referred to as contingency and reserves.
